

****Dress Code****

Now that warmer weather is upon us it is a good time to review the dress code. The expectation is that students come dressed in a respectful manner to school. The following guidelines should be used to determine if clothing is appropriate for school:

Clothes should not contain obscene, racial or other inappropriate language or pictures

- Underwear should not be visible
- Shorts and skirts should be of an adequate length to provide coverage when students are reaching or bending
- Straps are required on tops and dresses
- Chests and midriffs must be covered
- Hats are not to be worn in the school and should be left in lockers/cubbies
- Please label clothing in the event that anything is misplaced by the student
